

## Questions for Naming Curriculum Criteria

*This resource is a starting point for the kinds of questions you can ask stakeholders in a survey or focus group. The responses to these questions should help generate curriculum criteria.*

### **Stakeholder Group: Teacher**

- Which instructional values must be reflected in a curriculum?
- What is most helpful and least helpful about our current curriculum?
- What should student resources include?
- What should teacher resources include?
- What should assessment tools include?
- What should family resources include?
- What role should technology play in a curriculum?
- What factors about our student population should be considered?
- What do our teachers need in a curriculum to support a variety of learning needs?
- What factors about our teacher population should be considered?
- What role should professional learning play in curriculum implementation?

### **Stakeholder Group: Families/Community**

- Which instructional values must be reflected in a curriculum?
- What factors about our student population should be considered?
- What should a curriculum provide for families?
- What should family resources include?
- What should a curriculum provide for the broader community?
- What role should technology play in a curriculum?
